To whom it may concern,

This is a list of my concerns regarding the proposed project -Buried gas tanks, contamination from Ness's old gas station/auto repair that was located on the corner -Traffic, excessive speed and the inability of people to stop at the four-way intersection is already a big problem -Rats, there is a big rodent problem already and locating more dumpsters on 3rd street is only going to increase this problem for local residents -Privacy, what is going to be done for privacy and noise reduction?

Thank you,
Shannon Burrow
