We have a map of the world and United States that we put up at the chainsaw competition and have attendees mark where they are from. We also sell carnival tickets so we know how many attend that event, for the parade we estimate the crowd by the length of the parade with at least 3 deep minimum. During the carving on the 4th we have a people's choice that attendees vote on but that is only for a couple of hours, which we have to count.
